

521-Retailer Route/Sequence List

This report will print the retailers' name and address information in sequence by number, chain, name, city, zip code, Mag Route Sequence 1, Mag Route Sequence 2, Book Route Sequence, Miscellaneous Route Sequence, Daily Newspaper Route, or Sunday Route Sequence. This is used to check the retailers' routing for the magazine, books, and other routes.

HEADING DESCRIPTIONS:

MAG RT - Number used to identify what route the retailer is on for magazines.
MAG SEQ 1 & 2 - Each retailer can be assigned a number by the agency that corresponds to the sequence on which the route is delivered.
BOOK RT & SEQ - This enables you to have your book invoice printed in book delivery sequence and to have book sales automatically credited to a book route.
MISC RT & SEQ - This enables you to have your invoices print in a different delivery sequence and to have the sales automatically credited to a route.
STMNT SEQ - This allows you to print statements in any order you want.
